QUEEN CITY PTG. & PAPER CO.,
Charlotte, N. C.

OUR BOOKLET FOR 1902.

HARDLY a day passes that we do not have inquiries for a catalogue showing some designs of our work. We do not issue a catalogue nor do we encourage the reproduction of buildings that have been built.

Originality and artistic design is the secret of our success, together with accuracy and completeness in the services we render. Why not, therefore, take advantage of experience.

Our work is not only confined to the designing, but also to specification work for Sanitary Plumbing, Heating, Ventilating, and everything entering into the construction of modern buildings.

Keep this little book ; it will be a help to you when you least expect it. When you are ready to build, write us and we will call on you.

Respectfully yours,

HOOK & SAWYER.

The Armor of a House

is the roof. **MF** Roofing Tin (the genuine old-style tene process) gives the most complete protection to a house and lasts much longer than any other form of roofing. **MF** is made by hand labor exclusively and every sheet must pass a rigid examination and be *perfect* in every way before it is offered for sale.

MF Roofing Tin

has lasted 50 years, on houses exposed to the sea atmosphere—even longer under more favorable conditions. It will protect your house the better part of two generations—costs less than slate or tile.

This **MF** trademark is stamped on each sheet of the genuine. Ask your dealer, or write (W. C. CRONMEYER, Agent, to Carnegie Building, Pittsburgh, for illustrated book on roofing.

FURMAN NEW SECTIONAL HOT WATER BOILER

SEE THAT YOUR NEW HOUSE

HAS A PERFECT HEATING SYSTEM

For comfortable and even heat use

A Furman Boiler FOR STEAM OR HOT WATER HEATING

• •

A FEW IMPORTANT POINTS

Our Boilers are easy to manage--a woman can take care of one with perfect safety--they are durable, noiseless, free from dust, gas or smoke, and are provided with automatic draft regulators, thus insuring an even temperature at any and all times. They are highly economical and a source of great comfort.

Send for testimonials of hundreds of pleased users.

OUR PRESSED BRICKS

For ten years we have been shipping our front bricks all over the country and our special shades, "Cream White," "Silver Gray" and "Salt and Pepper," have made such a reputation that other manufacturers have adopted the names and tried to reproduce the shades.

By comparing other bricks with ours you will see that we still lead. Our bricks will not change color and their slight roughness prevents any glare from the building
